

WARWICK

White Lady Chardonnay 2024

Wine Of Origin / Varietal
Stellenbosch / 100% Chardonnay

In The Glass

An expressive nose reveals fresh green apple, citrus blossom, and a touch of spice. With time, the wine opens to layers of stone fruit and subtle roasted almond notes. The palate is focused and refined, showing flavours of lime, baked yellow apple, and white pear. Bright acidity lifts the wine, carrying through to a long, balanced finish. Drinking beautifully now, with the potential to evolve in complexity and structure over the next three to five years.

Winemaking

Crafted from four distinct Stellenbosch vineyard sites, two on the Helderberg bringing freshness and vibrant acidity, one in Vlotenburg on a south-easterly slope contributing citrus lift, and a fourth from Warwick's warmer, west-facing Simonsberg slopes adding depth and texture.

Each parcel was harvested individually at optimal ripeness to build complexity in the final blend. The grapes were whole-bunch pressed, with the juice settling naturally before fermentation in 228L Burgundian French oak barrels. Wine matured in a combination of 21% new oak, 24% second fill, 26% third fill, and 29% fourth fill barrels. Barrels were gently rolled monthly over eleven months of ageing, followed by careful selection, blending, light filtration, and bottling.

Serving Temperature
8-12 °C

Analysis

Alc: 13%

RS: 2.8

TA: 6.6

PH: 3.31
